Education

Koneru Lakshmaiah Education Foundation	Hyderabad
Bachelor of Technology (B.Tech) – Computer Science and Engineering	July 2024 - May 2028
CGPA: 9.1	
Sri Vagdevi Junior College MPC Intermediate	Hyderabad
Percentage: 91%	June 2022 - March 2024
Indo American School SSC School	Hyderabad
CGPA: 9.3	June 2021 - May 2022

Career Objective

I have an interest in software development and AI/ML. I have done few small projects to improve my skills. I am happy in learning new concepts and practicing regularly to get better. I am now looking for an opportunity where I can apply what I have learned, gain real-world experience, and keep growing as a developer

Technical Skills

Programming Languages:	Python , Java, C
Web & Backend Technologies:	HTML, CSS, JavaScript
Frameworks & Libraries:	React (Basics), Node.js (Basics)
Tools / Platforms:	Git, GitHub, VS Code, Linux
Databases:	MySQL

Core Concepts:

Data Structures & Algorithms, Object-Oriented Programming (OOP),
Database Fundamentals, Operating System Basics,
Problem Solving, Basic Web Architecture

Projects / Open-Source

Eventpulse – Event Management Web Application

- Developed a full-stack event management application with separate frontend and backend architectures
- Implemented backend APIs for event creation, management, and data handling
- Built a responsive frontend to interact with backend services
- Followed modular design and version-control best practices

Technologies: React, Node.js.

Internship / Training

Python Fullstack Developer (Cohort 13)

- Gained hands-on experience in developing full-stack web applications using Python, HTML, CSS, and JavaScript.

Achievements & Certifications

Advanced Automation Professional – Automation Anywhere (Global Certification)

Soft Skills

Problem-solving and analytical thinking, Logical reasoning, Team collaboration, Clear communication and willingness to learn
